SUMMARY

Aspiring UI Developer with a strong foundation in frontend technologies and a passion for building scalable, responsive, and user-centric web applications. Proficient in HTML, CSS, JavaScript, and **React**, with an understanding of modern development practices and clean coding standards. Demonstrates strong analytical thinking, adaptability, and a continuous learning mindset. Seeking an entry-level opportunity in a dynamic MNC environment to contribute to high-quality products while collaborating with cross-functional teams and growing as a frontend professional.

EXPERIENCE

Web Development Intern (Virtual), PAT Technologies Pvt. Ltd. (Edutainer) | Feb 2026 – May 2026

Participating in virtual training and working on real-time web development projects using HTML, CSS, JavaScript, PHP, and React JS. Collaborating with mentors and peers in a project-based environment, developing assignments within deadlines, and gaining hands-on experience in modern web technologies while improving problem-solving, teamwork, and communication skills.

Full Stack Web Developer Intern at Inventron Technologies | Apr 2024 – May 2024

Completed a Full Stack Web Developer internship at Inventron Technologies, gaining hands-on experience in building web applications using HTML, CSS, JavaScript, Bootstrap, Firebase, and MySQL across both front-end and back-end development.

PROJECTS

Smart AI Resume Analyzer | Python and NLP during development

Developed a Smart AI Resume Analyzer using Python and NLP to parse resumes, extract skills, score profiles, recommend job roles, and provide improvement suggestions through a user-friendly Streamlit interface while ensuring unbiased evaluation.

Learning Language by Quiz | HTML, CSS, Javascript, PHP and MySQL

Designed and developed an interactive language learning web platform using HTML, CSS, JavaScript, PHP, and MySQL, featuring adaptive quizzes, real-time feedback, performance tracking, and dedicated user/admin modules.

Personal Portfolio Website

Developed a responsive personal portfolio website using HTML, CSS, JavaScript, Bootstrap, and PHP, featuring dynamic resume download from the database, project and skill showcase, contact functionality, and social media integration.
